

2026 Mesquite Heart Gala
Move to the Beat of Your Heart

To Whom It May Concern,

Mesquite Heart Board is a 501(c)(3) nonprofit organization devoted to making a difference in the Mesquite community by providing high quality programs and resources that positively impact heart health. We developed a grant program where applicants are selected to receive an automated external defibrillator and wall cabinet or carrying case. This helps ensure rapid response to cardiac events within the community. Thanks to our generous 2025 Gala sponsors, we have purchased 2 AEDs to fulfill 2025 grant requests within the Mesquite community and will purchase 13 more for placement with the Mesquite Police Department. Other Mesquite Heart Board programs include free CPR/AED certification for recipients of our grant AED units. We have also provided CPR/AED courses at no charge for Mesquite businesses and residents, and we continue to offer Hands Only CPR education for larger groups and funding for individual defibrillator vests for those with limited insurance or financial resources.

We ask that you consider supporting our cause through sponsorship and attendance at our 7th annual Mesquite Heart Board Gala on Saturday, February 7, 2026. Our goal for this year is to raise \$50,000. Funds from the event will be used to increase awareness of heart disease and to provide more resources to combat heart disease among our neighbors here in Mesquite. We will be focusing on making AEDs more accessible within our community by providing each Mesquite each police cruiser with a portable AED. This will provide Mesquite residents and visitors experiencing cardiac arrest with improved access to care.

Please see the attached Sponsorship Packages form for advantages of each sponsorship level. The Mesquite Heart Board relies on generous donors such as you. Your donation will help ensure our future success and may help save a neighbor's life.

We thank you for your consideration of our request and look forward to hearing from you in the near future.

Sincerely,

Beth A. Dittman, RN, MSN
